Description

This 2000 Princess 65 Motor Yacht presents a fantastic opportunity to secure a well-maintained and highly regarded cruising yacht that has been enjoyed by her current New Zealand owner for 13 years. Now offered to the market, she represents outstanding value in her class.

The Princess 65 is known for its impressive internal volume and practical layout, offering four generous cabins including a full-beam master suite positioned midships. Each cabin is serviced by its own ensuite, while the aft crew/utility cabin provides excellent flexibility and could easily be adapted into a useful fifth cabin if desired.

The main saloon is bright, spacious, and beautifully open, combining comfortable lounge seating with a dedicated dining area and a well-appointed galley. Large panoramic windows flood the interior with natural light and provide excellent visibility, while custom electric blinds offer privacy at the touch of a button.

Stepping aft, the teak cockpit is clean, spacious, and ideal for entertaining, with easy access up to the expansive flybridge. Here you'll find ample seating, a second helm station, and a BBQ area perfectly suited for relaxed alfresco boating.

Powered by twin 1050hp MAN diesel engines, she cruises comfortably around 20 knots and is capable of speeds up to 34 knots when required. The vessel has benefited from upgraded electronics, features a watermaker, and has recently had a stern thruster installed to complement the existing bow thruster, making close-quarter manoeuvring simple and stress-free.

Combining timeless Princess styling with proven offshore capability, this yacht delivers comfort, reliability, and space in equal measure, an ideal platform for extended cruising or unforgettable holidays on the water.
