Description

The Sea Ray 580 Sundancer is one of the best model boats you will come by, they, in my opinion, is one of the best working layouts for a 58-foot sports cruiser with a lot of working space. Including a Semi circle lounge with a table that is movable to make more space in the cockpit, there is a large rear lounge on the aft next to the fully submersible hydraulic swim platform, there is also the TV in the cockpit that is on a hinge that can move from the two different lounges, and a passenger co-pilot seat at the helm with armrests making the long trips more enjoyable. The cockpit of the 580 Sundancer is large and roomy with the free flow of space and an ample amount of storage. The helm also has two retractable glass sunroofs which allows the breeze to circulate through the boat.

As you go forward down to the cabin the free flow of space continues, there is a large comfortable lounge with a pop down TV from the roof with a large kitchen on the port hand side with an ample amount of food preparation area & servery for drinks, a huge double door fridge freezer that has been upgraded 5 air-conditioning units that were also upgraded from the factory. The rooms have an ample amount of headroom and both equipped with ensuites. All the toilets were upgraded to electric as well.

This boat was optioned for the Australian market and fully equipped with Radar, Autopilot, Extra fridges, upgraded air conditioning, Bow and Stern Thrusters, Hydraulic Swim platform, MAN engine Monitoring system, extra TVs, Upgraded generator, electric glass sunroofs plus heaps more. This vessel was a display boat for the Australian Sydney International Boat Show which is why she was fully optioned.

This owner has loved her for many years and never missed a service, it has very low hours on her twin 800HP MAN shaft drive diesel motors with a lot of added options! First look will buy! Please contact Joshua Dicker on 0479 100 029 for your personal inspection or if you need any additional information.

Features

Designer	Sea Ray Boats
Builder	Sea Ray Boats
Water (Potable) Capacity (l)	757
