Description

2023 OKEAN 52 Fly

REDUCED - NOW \$1,995,000

Exclusively for Sale – Marina Mirage, Gold Coast

The OKEAN 52 Fly represents a bold new generation of luxury motor yachts, combining striking contemporary design, refined performance and seamless indoor-outdoor living. Exclusively available through Ray White Marine and currently berthed at the iconic Marina Mirage on the Gold Coast, this impressive vessel is offered to the Australian market with immediate delivery available.

Designed by renowned Italian architect Paolo Ferragni and built by OKEAN Yachts in Brazil, the OKEAN 52 Fly is instantly recognisable by her dramatic extended side balconies, expansive glass and confident modern lines. When deployed, the balconies transform the cockpit into a true floating beach club, expanding the beam to over six metres and creating an exceptional entertaining platform on the water.

Powered by twin Volvo Penta D8 IPS700 (550hp) engines with IPS pod drives, Dynamic Positioning System (DPS) and a Seakeeper 6 gyro stabiliser, the OKEAN 52 Fly delivers smooth, stable cruising and effortless handling. Triple helm stations—including an aft docking station—provide excellent visibility and confidence when manoeuvring, even in tight marina environments.

The cockpit flows seamlessly into the interior through full-height glass doors, revealing a beautifully appointed open-plan salon and galley. Light timber finishes, premium materials and panoramic windows create a sophisticated yet relaxed atmosphere, while a retractable 50" television maintains uninterrupted views when not in use. The fully equipped galley is ideal for entertaining, featuring generous refrigeration, induction cooking and a clever breakfast bar that opens directly to the cockpit.

Above, the flybridge is a true "terrace over the water," offering a second helm station, sun lounge, dining area and wet bar complete with grill, sink and ice maker—perfect for hosting guests or enjoying long days at anchor. Forward, the private bow lounge provides an additional retreat with seating, dining table and sun protection.

Accommodation below deck is equally impressive, sleeping up to seven guests across three well-appointed cabins. The full-beam master suite amidships features a private ensuite, excellent storage and abundant natural light. A forward VIP cabin with direct bathroom access and a versatile guest cabin with double bed and single bunk complete the layout. Air conditioning and heating throughout ensure year-round comfort.

Striking, innovative and exceptionally well executed, the OKEAN 52 Fly is a standout luxury entertainer that offers something truly different in the 50-foot market.

Exclusively available for inspection at Marina Mirage, Gold Coast.
