Description

The 42m Elisea Nova yacht was built in 2009 by Concept Marine in Turkey in fibre-glassed 4 skin diagonal Mahogany Strip Plank, with a hard chine hull form. She's a large volume trideck yacht with 6 guest cabins for up to 12 including the owners stateroom on main deck plus 4 crew cabins with captains cabin on top deck - all with ensuite bathrooms.

She offers great outdoor living areas which includes a large flybridge with bar, jacuzzi, sunbathing and several seating areas. Powered by 2 MTU's producing 2257 hp each gives her a crusing speed of around 17 knots and a top speed of 21 knots.

The low asking price reflects the need for a hull repaint and some interior fabric touch ups, otherwise ready to go.

Features

Builder	Custom Marine
Water (Potable) Capacity (l)	7000
Hull Construction Material	Cold moulded using mahogany planks coated with fibreglass and epoxy resin
Hull Type	Hard chine, semi displacement
Deck Construction Material	Teak
