Description

This fantastic vessel makes a captivating impression with her outstanding use of space. The fabulously luminous interiors and modular external areas hold particular appeal. Her latest-generation technology fashions a matchless cruising experience amid some truly iconic design. This is a yacht that makes room for beauty. Launched in 2018, the Ferretti Yachts 670 is our gift to the yachting world, and to ourselves, to celebrate our 50th anniversary year in sumptuous style. She is the fruit of the partnership between the Ferretti Group Product Strategy Committee and the Engineering department – the first Ferretti yacht with exterior design created with architect Filippo Salvetti, while the interiors are by our own in-house architects and designers. The standout feature among her smart advances is the optimal use of space, inside and out, assuring a perfect blend of conviviality and privacy for the owner and guests. The Ferretti Yachts 670 is actually a 67-footer (measuring 20.24 m), albeit with amenities typical of rather larger craft. This design philosophy emerges clearly in the layout: the standard version vaunts 3 generous cabins on the lower deck, and the imaginatively arranged master cabin has an antechamber that acts as a roomy study with writing desk, now an iconic element of this yacht.
