Description

Pershing GTX70 – Redefining the Sport Utility Yacht

Marking Pershing's 40th anniversary, the all-new GTX70 is a bold leap forward in the world of luxury performance yachting. As the most compact vessel in the GTX range, this 21.88m marvel is the epitome of cutting-edge design, exhilarating speed, and sophisticated comfort—perfectly suited to the Australian and international lifestyle.

Boasting triple Volvo Penta D13 IPS1200 engines, the GTX70 delivers an impressive top speed of 35 knots, while maintaining remarkable stability and efficiency thanks to its innovative hull design and CE Class A certification.

Its striking two-deck layout with an expansive sportbridge features a seamless indoor-outdoor flow, enhanced by 360-degree visibility and a central aft galley concept. The salon's opposing L-shaped lounges, recessed glass cockpit doors, and electric bimini system create a highly adaptable space for entertaining or relaxing in total privacy.

The aft beach club is a standout feature, expanding to 23sqm with fold-down terraces and a dual-level swim platform—ideal for watersports enthusiasts or simply enjoying life at anchor.

With three luxurious en-suite cabins, the GTX70 comfortably accommodates six guests, making it the perfect vessel for both thrilling day adventures and long coastal cruises.

A true fusion of power, elegance, and innovation, the Pershing GTX70 is not just a yacht—it's a lifestyle statement.

Available now through Ray White Marine. Enquire today to experience the next evolution in luxury yachting.
