Description

2025 Riviera 445 SUV – Near-New 48ft Luxury Sports Cruiser | 2D AMSA Survey | Fully Optioned

A rare opportunity to acquire a virtually new Riviera 445 SUV, combining Riviera's legendary craftsmanship, sophisticated styling and exceptional offshore capability with the added flexibility of 2D commercial survey approval for 12 passengers plus 2 crew.

Delivered with a comprehensive options package and only 115 engine hours, this vessel presents an outstanding opportunity for discerning private owners, owner-operators, or those seeking a premium charter platform without the wait of a new build.

Powered by twin Volvo IPS 600 diesel engines (435HP each), the 445 SUV offers impressive performance, efficiency and effortless handling. The integrated Volvo IPS system with joystick control & Skyhook dynamic position system upgrade provides exceptional control and manoeuvrability, making close-quarters handling and docking remarkably simple even for first-time skippers.

Designed around entertaining and versatility, the Riviera 445 SUV features a superb indoor-outdoor layout. The expansive cockpit flows seamlessly into the saloon, creating a generously sized social space ideal for family cruising, entertaining guests or charter operations. The cockpit is equipped with a built-in BBQ, fridge, shower, comfortable foldaway and fixed seating, plus a removable table. While the large swim platform provides both easy access to the water and the perfect fishing station.

Up forward, the dedicated sun lounge creates the perfect private retreat, offering additional space for relaxing while underway or at anchor.

The interior showcases Riviera's attention to detail, with a bright and refined saloon featuring a large dinette, pop-up tv, silhouette blinds and full air conditioning. The well-appointed galley includes Corian benchtops, large fridge and freezer drawers, a two-burner cooktop, and a convection oven. Perfect for both day trips and extended cruising.

The cabins maximise space with a well-thought-out layout and are exceptionally comfortable for their size. With a forward master suite featuring an island berth and a versatile mid-cabin guest cabin with three berths. Both cabins benefit from air conditioning and private bathroom facilities with showers, the mid-cabin also serves as the dayhead.

Equipped for serious cruising, this Riviera comes complete with a 9kVA Onan generator, Garmin electronics package, Fusion audio and thoughtful upgrades throughout.

Built to 2D survey standards, this vessel offers the rare combination of a premium private cruiser with genuine commercial potential, allowing owners to enjoy Riviera luxury while having the option to generate income and offset running costs through charter if desired.

Additional Highlights & Options:
- Length Overall: 47'9ft - 14.56m
- Beam: 15ft - 4.57m
- Draft: 3ft 6in - 1.16m
