Description

WALLYTENDER43

Versatility is the superpower of the wallytender43, perfectly united with Wally's sharp aesthetics and performance.

Supremely versatile dayboats with a stylish walkaround centre cockpit and an inviting cabin, all with blistering pace and manoeuvrability thanks to their balanced, deep-V hull form developed by Wally and Ferretti Group's engineering department.

Versatility is the superpower of the wallytender43, perfectly united with Wally's sharp aesthetics and performance. Family day boat, superyacht tender or resort shuttle – the wallytender43 fulfils each role with inimitable style. An armoury of accessories makes it simple for the shipyard to switch the yacht smoothly from one location to another.

At the heart of the wallytender43 lies its innovative centre cockpit design. This offers optimum protection for guests, even at the blistering 40-knot top speed, with the convenience of a walkaround.

Choice is all. Enjoy the freedom of the foredeck sunlounge, or find dappled shade beneath Wally's unique carbon sailcloth hard-top, which appears to float on a single set of slim-line pillars. Enlarge your playground by folding down the two aft wings. Relax on extending sunpads, or on Wally's smart articulated dual sofa-sunpad.

Below deck, the wallytender43 offers a double berth for unexpected overnighters or a quick nap. The space is naturally air conditioned and complemented by a generous bathroom with separate walk-in shower.

But this dayboat is really about open-air living. Cocooned behind the angular glass windscreen, the ergonomic helm station gives intuitive control. With twin Volvo Penta D6 drives giving propulsion options up to 880hp, power and handling are second to none.
